## Force News

As the new force crest has been approved we have started to roll it out. Over the coming weeks and months, we will be rolling it out across all areas of the force so watch this space!

Our dedicated Roads Crime Team spend their time targeting some of the most serious criminals as they travel around the area. From organised crime groups to those involved in drug dealing, burglary and sexual offences, the unit work alongside our teams across the force, preventing suspects from coming in or leaving the area.

They're playing a key role in Operation Shield, swooping on suspects.

vehicles, making arrests, and seizing drugs, co-ordinating with officers on the streets conducting warrants and hunting suspects.

Following the teams proactive work throughout the operation, four people have been charged with theft, possession of a knife in a public place, conspiracy to steal and possession of cannabis. Officers also recovered approximately £100,000 worth of stolen GPS units and £1000 worth of cannabis as part of Operation Shield.

## Driffield Community Team

Your Neighbourhood Policing Team (NPT) plays a vital role in tackling many of the local issues that matter to you. They are out in your area every day, and always available to offer crime prevention advice or for you to raise concerns with.

Each NPT consists of a dedicated Sergeant, Police Constables (PCs) and Police Community Support Officers (PCSOs), all under the command of an Inspector. While they may be the ones you see the most, the NPTs do not work alone. They are supported by staff and officers from across the whole Humberside Police force area, and they work closely with local authorities, community leaders and residents to decide the local policing priorities for the area and find useful, long-term solutions.

Our approach is shaped by four key themes: We protect vulnerable people and keep people safe; We are out in your communities, visible, listening and working with you to deliver the services you need; We successfully tackle crime and ASB; We will be there when you need us.

We are pleased to announce that active Fridays has received funding from @HumbersidePCC to allow us to continue for a further year.

Not only this but the funding has allowed us to buy more equipment and hire external staff to deliver sessions [#communitypolicing](#) [#activefridays](#)

## INCIDENT RESPONSE TEAM

**Sgt 1668 Jones      Sgt 1626 Steenvoorden**

**PC 1866 Railton   PC 470 Sorenson   PC 268 Mangan   PC 1842 Smith   PC 686 Hedges**

**PC 13 Catchpole   PC 2101 Overton   PC 2794 Cartwright   PC 2472 Cope   PC 263 Lazenby**

**PC 2722 Albinger   PC 2848 McClarron**

The bespoke team are a new hybrid function. Based in the station, they will be available 24 hours a day, 7 days a week, to swiftly respond to emergency calls about the town. They will also work with the existing NPT to tackle any rising issues and concerns, ensuring round the clock support to the community.

### **New Sergeant**

PS Scott Steenvoorden has joined the Rural response team as one of the two Sergeants based at Driffield Police station. Scott has come from Hull Clough Road and moved to the team on the 22 November 2023. Scott brings a wealth of experience in patrol policing having worked in East Riding and Hull previously. Scott commented,

I have worked in the East riding for many years as a PC also live in the area, so I know it very well and the demands and needs of the residents of East Yorkshire. I have more recently for the last 18 months worked in the response unit based from Clough Road in HULL and bring many skills and experience that will help the team here at Driffield. I look forward to settling in and building on the great work already started here at Driffield. My key focus in the early stages of my appointment will be getting to know my team and the demands of the area focusing on our response times to Emergency priority calls for service and having a presence in the town in supporting our colleges in the Rural task force and the local neighbourhood team here at Driffield. I look forward to meeting key partners in the coming months and learning how we as a team can help the community.

Three men were arrested after we were called to reports of suspected hare coursing.

It was reported that three men were seen on private farmland by a resident, with three dogs. It is believed that one of the men then set a dog onto a hare.

Following an on-foot chase, with use of the drone and supported by Farm Watch volunteers, officers arrested three men on suspicion of trespass on a railway nearby.

## Good News

As part of our Clear, Hold, build initiative, four people have been charged with multiple offences following their arrest in Bridlington on Monday 13 November.

Jordan McMichael, aged 24, of Holyrood Avenue in Bridlington, has been charged with possession with intent to supply Class A drugs and two counts of being concerned in the supply of Class A drugs.

Callum Robinson, aged 23, of Kingston Terrace in Leeds, has been charged with possession with intent to supply Class A drugs, and two counts of being concerned in the supply of Class A drugs.

A 17-year-old boy, who cannot be named for legal reasons, has been charged with possession with intent to supply Class A drugs and two counts of being concerned in the supply of Class A drugs.

A second 17-year-old boy, who cannot be named for legal reasons, has been charged with two counts of possession with intent to supply Class A drugs, two counts of being concerned in the supply of Class A drugs, possession of an imitation firearm with intent to cause fear or violence, assault of an emergency worker.

All four have been remanded into custody to appear at Hull Magistrates Court.

Between Monday 13 November and Sunday 19 November, we have taken over 700 knives, knuckle dusters, and other weapons out of circulation in the national knife surrender - Operation Sceptre - a national campaign that aims to tackle knife crime and remove unwanted knives, and other weapons, from our communities.

Removing weapons from the streets is only one part of this operation, and we also look to educate people about the risks involved in carrying knives.

## APPEALS

A man who sustained life threatening injuries has now died following a collision on Beeford Road between Beeford and Skipsea on Monday 30 October.

We were called shortly before 4pm to attend a road traffic collision between a burgundy Toyota Yaris and a Kia Sorento.

Emergency services attended and a 90-year-old man, who was a passenger in the Yaris, was taken to hospital to receive medical treatment where he later died from his injuries.

We are continuing to appeal for anyone who may have been travelling along Beeford Road around the time of the incident, have dashcam footage or who witnessed the collision, to **contact us on our non-emergency number 101 quoting log 339 of 30 October.**

Officers are appealing for information following a road traffic collision in the early hours of this morning (Sunday 19 November).

At around 1.50am a pedestrian and a white Nissan Juke were involved in a collision on the A1174 York Road near to the racecourse as the white Nissan Juke was travelling east, towards Beverley.

A man was taken to hospital to receive medical treatment for a life-threatening head injury and remains in a critical condition.

Officers investigating the collision are particularly keen to hear from anybody who may have seen the man, who at the time was wearing a black suit and white shirt as he walked between the racecourse and Beverley town centre.

We would also appeal for anyone who may have been in the area around the time of the incident, that has dashcam footage or who witnessed the collision, to **contact us on our non-emergency number 101 quoting log 45 of 19 November.**

Investigations are ongoing after we were called to reports of a burglary at a property on First Lane in Hessle Sunday 26 November.

It is believed that someone had gained entry to an outbuilding overnight and reportedly stolen several items including military medals, an army jacket and multiple pocket watches.

Among the stolen items are three army medals - one for army service, one for the Gulf War from 1990-1991 and one TA medal, all medals have the army number of 24324033 on them.

A small collection of around eight pocket watches, including a Harley Davidson watch were stolen. Several Zippo lighters, one with para wings, one inscribed to dad, one with Jimi Hendrix on, were also taken.

These items are of extremely sentimental value to the family, and we would appeal for them to be handed in as soon as possible so that we can return them to their rightful owners.

We would appeal to anyone who has any information about the burglary or the whereabouts of the stolen items to please **contact us on our non-emergency number 101 quoting log 142 of 26 November** or the independent charity Crimestoppers anonymously on 0800 555 111.

'Catching a Killer', 'Killer at the Crime Scene', 'CSI', 'NCIS', 'Forensics: The Real CSI' – the list could go on, but most of us would have heard of at least one of these True Crime TV shows. They all delve into the life of a crime scene investigator, tapping into our own investigative minds and true crime curiosity to give a (dramatized) insight into solving cases - catching killers, burglars, sexual predators, and ultimately getting justice for victims.

I'm sure you're imagining the white suit, the tent, the masks, the police tape, and with the amount of shows out there, I'm sure a lot of us think we have a pretty good grip on the process, but do the shows always get it right? It's not always about getting suited and booted, and did you know, a lot of the scene recovery can be done without the full suits?

We crossed over and went beyond the police line to understand the reality of how it all really works, and the processes of a crime scene that lead to catching some of the most prolific criminals and solving (or not) of the most complex cases.
